## Fair Play OOSH Philosophy

At Fair Play OOSH we don't want to be the biggest we just want to be the best at what we do! We endeavour to provide the highest level of care and are driven by quality, rather than quantity.

We support each individual child by giving them a sense of belonging in a warm, nurturing, fun and safe environment. "Quality is at the forefront of our heart".

Our programs are age appropriate and stimulating, assisting the development of the whole child, their physical, social, emotional, cognitive, and creative domains. Each program is created through an ongoing cycle and embraces each child's personal interests, values, beliefs and identity. Our resources are sufficient in number, with both indoor and outdoor experiences offered – allowing children to have the choice in what activities they wish to participate in.

When we are forward planning and programming, inclusion is at the forefront of our minds. We want to ensure that the families are getting value for money within our programs. We offer heavily discounted breakfast clubs to ensure all children within our schools can have a healthy breakfast and not be disadvantaged by money.

We aim to maintain inclusiveness; every child brings their own unique set of strengths and challenges we ensure all children have the ability to participate at OOSH.

We believe every child has the right to engage in play, recreation opportunities, and cultural and artistically diverse lifestyles. We maintain and foster positive communication and relationships between staff, children, families, schools and the community.

Fair Play OOSH invest in our staff for long term retainment by upskilling, offering regularly training, providing a roster that nurtures work-life balance and ensuring all staff are heard, listened to and involved in creating a compliant & fun environment for all children. Through having staff as a major priority within our service, we are able to offer consistency, maintenance and growth of educator, child and family relationships.

We understand that families need to feel comfortable with the team that will be caring for their children, thus we take exceptional care when recruiting educators. Our recruitment team meticulously screen all applicants to ensure they are suitably qualified, experienced and most importantly - have passion and commitment for working within the Out of School Hours childcare sector.

We believe that it does not take simply one person to raise a child; it takes a tribe.

Therefore, our educators at Fair Play OOSH are motivated to make a positive change in the future of our world and that starts with the development of your children.

There are many goals that are the basis of our quality service. Our team consistently aim to:

- Provide a quality environment that children and families are proud to attend
- Encourage respectful communication with every person at the service
- Provide opportunities and life experiences for children that they may not get the opportunity to do outside of our service
- Work in partnership with families, communities and the children
- Consistently implement a safe and sustainable environmental
- Encourage appropriate health, hygiene, physical activity and healthy lifestyle choice for each child.
- To maintain our status as a quality service going above and beyond in what we do
- Create an environment for children to play, learn and grow together in a quality service where kids can be kids.
